

PH #1007 Sample Cooler Application

Application: SAMPLE COOLER APPLICATION

This customer had multiple locations where they needed to sample clean steam periodically. They required electropolished wetted surfaces to $< 10 \mu\text{in } R_a$ and needed immediate delivery.

Solution

- Sanitary Tube-in-Tube
- Electropolished wetted surfaces to $< 10 \mu\text{in } R_a$
- ASME BPE sanitary flanges
- Delivered from stock

2 X Model 00644-01

Features & Benefits

- Robust design handles large temperature differences between steam and cooling water
- Flexible design for thermal cycling
- No dead legs or crevices
- Fully drainable
